RG104 E-1 Box 142 Oct-Nove 1886

Mint of the United States at Philadelphia,

ASSAY DEPARTMENT,

November 3rd, 1886.

Sir

In the last invoice of Silver of the Penna. Lead Co. - received from Messrs Handy & Harman, many of the bars invoiced at .998.-, are by our assays several thousandths below that mark.

I do not feel satisfied in reporting to the Melter & Refiner, our fineness of said bars, taken from cuttings, I recommend that they be melted, and Assay samples taken from Granulations.

Very Respectfully
Jacob B. Eckfeldt
Assayer

Hon. Daniel M. Fox
Superintendent.
